Application No. 10/802,781

REMARKS

Applicant has carefully studied the outstanding Official Action mailed on October 31, 2005. This response is intended to be fully responsive to all points of rejection raised by the Examiner and is believed to place the application in condition for allowance. Favorable reconsideration and allowance of the application are respectfully requested.

Claims 1-12 stand rejected under 35 USC §112, first paragraph, for not supporting "at least two chambers". The phrase has been deleted to overcome this rejection, as suggested by the Examiner.

Claims 1, 3, 4, 6-10 and 12 stand rejected under 35 USC §103(a) as being unpatentable over Moy (US 3160061) in view of Hall (US 4940135).

This rejection is respectfully traversed. However, for the purposes of expediting allowance of this application, claim 1 has been amended to include the recitation of claim 2, and claim 2 has been cancelled for containing matter already appearing in claim 1. Since the Examiner has rejected claim 2 solely on the basis of 35 USC 112, it is assumed that the Examiner agrees the prior art is not a bar to the patentability of the recitation of claim 2. Accordingly, claims 1 and 3-12 are now deemed patentable over the cited art.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,
DEKEL PATENT LTD.
